RESEARCH + DESIGN + CODE

Cultivating better Interaction Design, Product Strategy, and Scalable Design Systems for both large-scale and small-scale applications.

EXPERIENCE

• Senior UI/UX Designer • J. J. Keller & Associates

Neenah, Wisconsin • Aug 2015 – Present

Design and develop visually appealing, usable interfaces for various applications. Follow stakeholder requirements and user research in order to deliver design materials that are consistent across multiple platforms. Rapidly prototype to validate design decisions and prepare for usability studies. Write production-ready front-end code using various languages and tools.

• UX/UI Design Course Mentor • Thinkful, a Chegg Service

Remote • Aug 2020 – Present

Meet weekly with students enrolled in the UX/UI Design Course through Thinkful. Offer guidance and feedback on assignments and modules throughout the course. Help students set measurable goals, checking in with them to ensure they are being met along the way. Offer insights into what is happening within the field of UX, as well as offer my experience as it relates to the material within each module.

• Adjunct Instructor • Fox Valley Technical College

Appleton, Wisconsin • Aug 2020 – Present

Provide a variety of instructional and assessment strategies in order to meet the varying and unique needs of each student. Create, advise on, administer, and give feedback on assignments. Monitor weekly discussion boards to facilitate engagement and encourage a safe space for polite discourse. Communicate important dates, updates, and changes on a weekly basis.

• User Experience Designer • Silver Star Brands

Oshkosh, Wisconsin • Sep 2014 – Aug 2015

Designed engaging cross-platform experiences. Conducted research & usability tests to improve websites, keeping the user at the center of focus. Facilitated learning sessions to increase internal awareness on accessibility, performance, image optimization, and semantic markup. Created prototypes to communicate direction to developers and internal stakeholders.

EDUCATION

○ UX Management Certification • Nielsen Norman Group

Fremont, California • Beginning Nov 2020

○ Psychology B.S. • Lakeland University

Sheboygan, Wisconsin • Aug 2019 – Present

● Web Development & Design A.A.S. • Fox Valley Technical College

Appleton, Wisconsin • Jan 2010 – May 2012

SKILLS

Research

Usability Testing • Journey Mapping • Personas • Interviews • Card Sorting • Data Analysis • A/B Testing • Heuristic Evaluation

Design

Wireframing • Prototyping • Mood Boards • Interaction Design • Style Guides • Design Systems

Code

HTML • CSS • SCSS • LESS • JavaScript • Bootstrap • Material UI • Git

Collaboration

Organizing UX Guild • Facilitating Design Critique • Maintaining Design System • Leading Design Sprints

SOFTWARE

Research

Pendo • Validately • UserTesting • Optimal Workshop • Mural • InVision • Google Analytics • Mouseflow

Design

Balsamiq • Axure • Figma • Sketch • Adobe XD • Photoshop • Illustrator • InVision

Code

VS Code • GitHub • Azure DevOps

Collaboration

Slack • Figma • Teams • Jira • Zoom • Mural • InVision • Coffee
